

August 27, 1978 Darśana with Baba Hari Dass at a Retreat

Edit notes: The following was typed from notes handwritten at the time of the darśana. Q denotes a question. B indicates what Babaji wrote on his chalkboard, as read by the reader, and then as heard and noted by someone present. Comments in square brackets are generally those of the typist.

Q: Do shapes of [architectural] structures affect concentration? What shape is best?

B: Sri yantra.

Q: Is circular better than square?

B: No.

Q: Is it better to be below the surface of the ground?

B: For certain things.
