

May 30, 1978 Darśana with Baba Hari Dass

Edit notes: The following was typed from notes handwritten at the time of the darśana. Q denotes a question. B indicates what Babaji wrote on his chalkboard, as read by the reader, and then as heard and noted by someone present. R is comments likely of the chalkboard reader. Comments in square brackets are generally those of the typist.

[More about perceiving auras or projecting, due to emotion, as discussed near end of 5/28 Q&A.]

B: In an emotional state, one can see a reality also. In tantra there is a method. A person is put in a high emotional state and then tells the future.

Q: Is that emotional always different from real peace?

B: Yes.

Q: Mystical experiences to further faith?

B: Each person has. But we don't understand it...

R: ... and cultivate it

B: ... in childhood.
